Hi Blair,

The City of Los Angeles, Bureau of Engineering is applying for a Metro grant to fund the Broadway Streetscape Plan elements between 7th St. to 8th St. Part of the application requires listing non-profit agency partnership.

Metro ExpressLanes believes the non-profit community plays a vital role in helping Los Angeles County become more sustainable. The experience, programs, networks, and commitment of the region's non-profit agencies provide a foundation for increased public engagement, positive behavior change, and community commitment, therefore we are recommending, wherever possible, for eligible applicants to partner with a non-profit organization to deliver projects/programs. The Non-Profit agency should be a 501 (c)(3) nonprofit entity. Proof of IRS Determination letter must be provided.

Shane Phillips, from LASI, indicated the Historic Core BID has been partners in the streetcar project/programs, and we would like to include the organization in the grant application. Would you have an IRS determination letter of a 501 (c)(3) nonprofit entity which we can attach to the application?

Please contact me with any questions.

Thank you,

George Huang, P.E.
